Are you ready  
to be global  
collaborators?

**Be a Global Collaborator**

- Form a triad or pair with people you don't yet know. Make sure one person has an internet connected device with a camera and QR Code scanning ability. (30 sec.)
- Share where you are from and what you do there. (60 sec.)

We are  
going to use  
**TWO** of our  
favorite  
tech tools.  
Right Now...  
**QR Codes**  
and Padlet.

A World of Colors  
<https://padlet.com/glovely/colorfulworld>

1. Scan the QR code.

2. Choose a color. Click on that padlet, then follow the directions on the screen to add a picture of something that color to that Padlet.

padlet Add a Picture

Tap the plus. Tap the camera icon.

the picture Take the picture.

"Use Photo" Tap "Use Photo"

POST Tap "POST"

Choose tools that allow for easy use and re-use!

Technologies of Yesterday

Technologies of Today

Today's tech is...

- portable
- touch enabled
- responsive
- designed with young learners in mind

UNICEF

"...taking a Goldilocks approach" – not too much, not too little – and "focusing more on what children are doing online and less on how long they are online."

Draft NAEYC  
Developmentally  
Appropriate  
Practice  
Statement  
5/30/19

"When used **intentionally** and appropriately, technology and interactive media are effective tools to support learning and development. (Effective uses of technology and media are **active, hands-on, engaging, and empowering...**")"

## Better Together

Stop 1

We are going to head west. Now we will bring you to the lions but you will not be able to see them long because we might need to go fast or they will GROWL AT US!!!!

Did you know lions have hard claws to help them catch prey?
