

Jamboard Hints

[Jamboard.google.com](https://jamboard.google.com)

1. Sign in to your Google Account to create Jamboards.
2. Click the + in the lower right corner to create a new jam.
3. Choose "set background" and upload a background with anything you DON'T want users to move. (This can include your instructions.)

4. You can also make the Jam background and then, using the three-dot menu on the top left, "Save frame as image"
5. Then clear the frame and upload the saved frame image as the background.
